

# HANDS ON REHAB WHANGAREI IS OPEN

**Hands On  
Rehabilitation**

**Excellence in  
hand therapy**

Hands On Rehabilitation was founded in Auckland in 2003 on the values of excellence in hand therapy, delivered in a warm, friendly and caring environment. We are excited to bring these same services to a new community.

Our Whangarei clinic is now open. Initially as a satellite clinic within Kensington Health until our full clinic is completed at the same Kensington Health Hub site. Hands On Rehabilitation will be purpose built to deliver a comprehensive hand therapy service.

We are proud to introduce Rachel Atkinson, a physiotherapist and hand therapist with extensive experience in training and educating new hand therapists and assisting 1000's of patients on their hand rehabilitation journey. Rachel maintains close working relationships with many top hand surgeons (Plastics and Orthopaedics). Rachel has previously run her own successful clinic and is now embracing life in Northland and a return to her home town.

Rachel is available to discuss any specific patient questions or to present inservice teaching on hand therapy. [rachel@handsonrehab.co.nz](mailto:rachel@handsonrehab.co.nz)

**Kensington Health Hub  
8 Kensington Avenue  
Whangarei 0112**

**Phone numbers:  
Phone – 09 929 9488  
Fax – 09 929 9499**

**0800 HANDS ON /0800 426 3766**

Patients can be referred by phone including our 0800 number, [whangarei@handsonrehab.co.nz](mailto:whangarei@handsonrehab.co.nz) and for patients convenience online booking is also available. See referral pads or check out our web site [www.handsonrehab.co.nz](http://www.handsonrehab.co.nz)

Hand therapists treat all hand injuries from the simple finger sprain through to complex post operative multi structure injuries. Hand injuries benefit from early hand therapy management to get them safely back to work, sport and play.

We look forward to working alongside you and inviting you to our full clinic opening in November.
